

QUALITY & SAFETY IN HEALTH CARE

October 2005 Vol 14 No 5

Contents

Editorial

- 314 Why new guidelines for reporting improvement research? And why now?
D P Stevens

Commentaries

- 315 Broadening the view of evidence-based medicine
D M Berwick
- 317 Consensus publication guidelines: the next step in the science of quality improvement?
R G Thomson

Developing research and practice

- 319 Toward stronger evidence on quality improvement. Draft publication guidelines: the beginning of a consensus project
F Davidoff, P Batalden

Quality improvement reports

- 326 Improving medical emergency team (MET) performance using a novel curriculum and a computerized human patient simulator
M A DeVita, J Schaefer, J Lutz, H Wang, T Dongilli
- 332 Improving assessment of postoperative pain in surgical wards by education and training
R Karlsten, K Ström, L Gunningberg
- 336 Reducing inequalities in access to health care: developing a toolkit through action research
E C Goyder, L Blank, E Ellis, A Furber, J Peters, K Sartain, C Massey

Original articles

- 340 Getting teams to talk: development and pilot implementation of a checklist to promote interprofessional communication in the OR
L Lingard, S Espin, B Rubin, S Whyte, M Colmenares, G R Baker,

D Doran, E Grober, B Orser, J Bohnen, R Reznick

- 347 Handling over-dispersion of performance indicators
D J Spiegelhalter
- 352 What constitutes a prescribing error in paediatrics?
M A Ghaleb, N Barber, B Dean Franklin, I C K Wong
- 358 Multiplicity of medication safety terms, definitions and functional meanings: when is enough enough?
K H Yu, R L Nation, M J Dooley
- 364 Measuring patient safety climate: a review of surveys
J B Colla, A C Bracken, L M Kinney, W B Weeks
- 367 Words matter: increasing the implementation of clinical guidelines
S Michie, K Lester
- 371 Quality effects of operative delay on mortality in hip fracture treatment
R Sund, A Liski
- 378 Effectiveness of routine reporting to identify minor and serious adverse outcomes in surgical patients
P J Marang-van de Mheen, N van Hanegem, J Kievit

Education and training

- 383 Effectiveness of a graduate medical education program for improving medical event reporting attitude and behavior
Y M Coyle, S Q Mercer, C L Murphy-Cullen, G W Schneider, L S Hynan

Heroes and martyrs of quality and safety

- 389 Public opinion is our supreme court: D W Cathell MD, The Physician Himself
D Neuhauser

PostScript

- 391 Letter
